- 800+ tree seedlings donated to the community
- Successful Agricultural Webinar
- New Projects Launched

OUR COWORKING

With a Conscience

We operate from various locations, reflecting our flexible and dynamic approach to managing group activities

Youth Group, we work in a decentralized working model, where members operate from various locations.

We use virtual collaboration tools and digital platforms, like Google Meet, WhatsApp chats, and conference voice calls and our team remains connected and productive overcoming geographical barriers to achieve our collective goals.

Through these online platforms, every member has been able to bring their unique ideas and perspectives to the table which has contributed to the vibrant growth of our group.

Our online platform has played a vital role in facilitating successful community engagements. Through virtual collaboration, we've organized webinars, coordinated tree donations, and supported community development projects—proving that distance is no barrier to making a positive impact.

Bridging Distances Through Technology: A snapshot from one of our online meetings, where ideas are shared, plans are made, and futures are built together

As we continue to grow, we look forward to exploring opportunities for establishing a central office that embodies our spirit of collaboration and community.

Where we are

ONE STEP AT A TIME

Membership

Since January, Tambul Hustle Youth Group has undergone significant changes in its membership composition. Regrettably, we had to remove four members due to their inability to fulfill their monthly contributions. While this decision was difficult, it was necessary to maintain the financial sustainability and integrity of our group.

We we also able to add one more member.

Total Members: 21 active members.

Youth Group with a conscience: Join the change.

Money Lending Project

In line with our commitment to supporting economic empowerment among our members, we initiated a money lending project last year. As of now, we are pleased to report that more than 17 members have benefited from this initiative. We have more than 60 submissions and more than 100,000 disbursed loans meaning that some individuals have taken loans multiple times.

The successful repayment by these members underscores the effectiveness of our lending system and the trust within our community

Tree seedlings Sales

Another notable achievement during this period has been the sale tree seedlings from our nursery. This initiative not only generates revenue for our group but also contributes to environmental conservation efforts in our community.

By providing access to quality seedlings, we are actively promoting reforestation and sustainable land management practices.

Looking Ahead

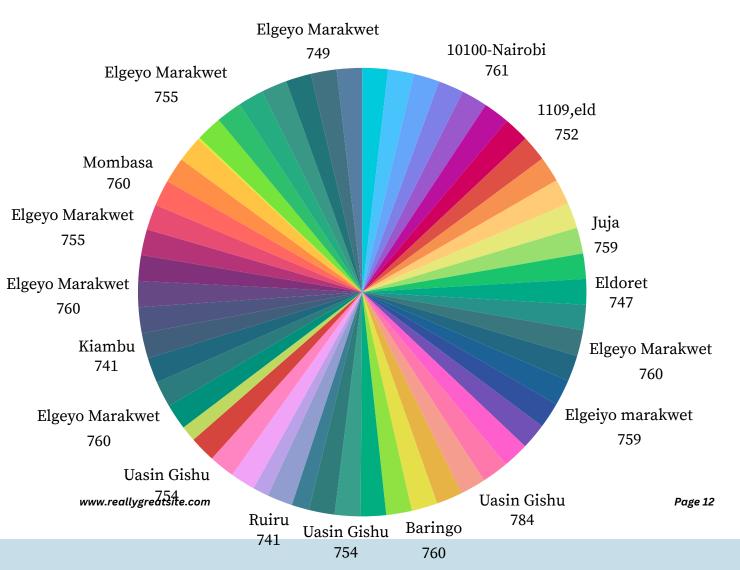

we Asmove forward. Tambul Hustle Youth Group remains committed fostering financial stability, promoting entrepreneurship, and contributing to environmental sustainability. We will continue to explore innovative projects and initiatives that empower our members and make a impact positive in our community.

COUNTY REVIEW

Global Geometry

We can highlight the diversity and geographical spread of our members across seven different counties, reflecting our group's broad reach and inclusivity

OUR KEY PROJECTS & ACHIEVEMENTS

Community Support Initiatives

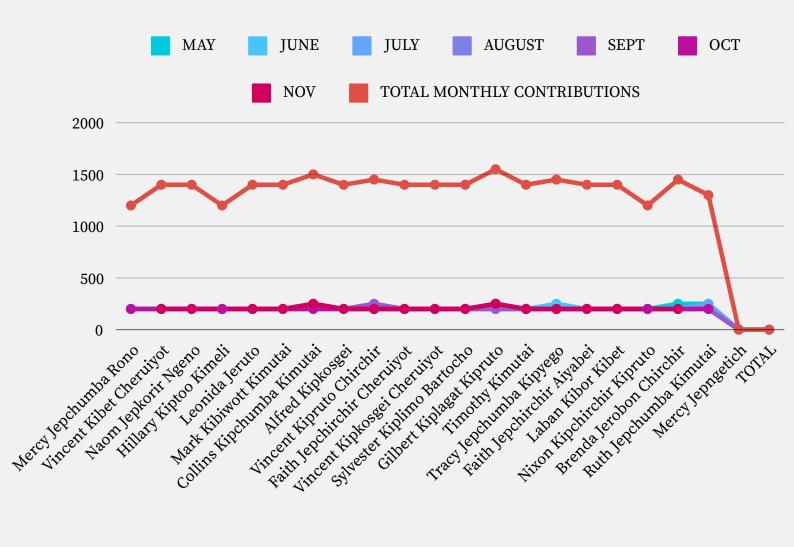

Monthly Contributions Statistics

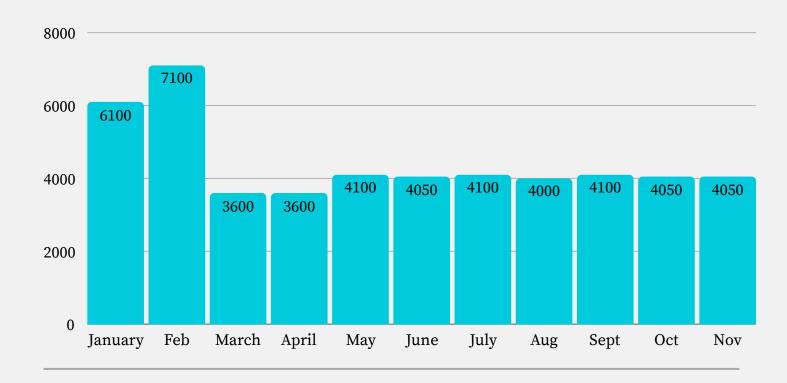

ur members' dedication through monthly contributions has been the backbone of Tambul Hustle Youth Group's success. The report shows fluctuations in contributions due to new memberships and various factors, such as missed payments in some months. The overall trend indicates a steady commitment from our members, allowing us to disburse loans, and support the community effectively

MONTHLY CONTRIBUTIONS STATISTICS

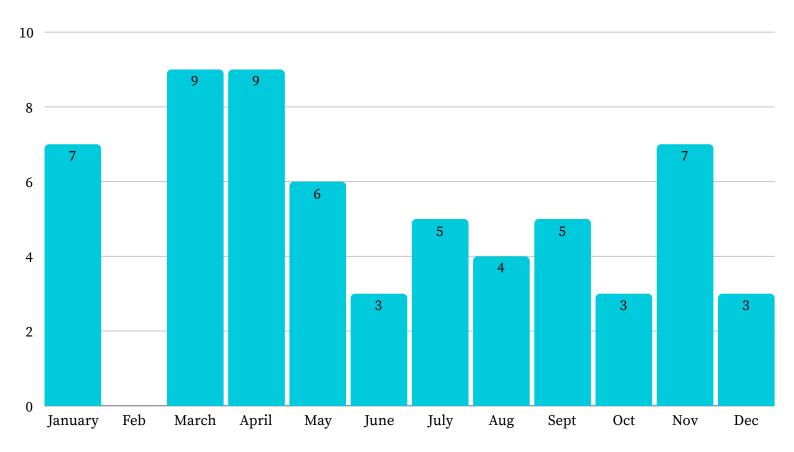

Month	Amount Contributed (Ksh)	Remarks	
January	6,100	Including Ksh 3,600 from existing members and Ksh 2,500 from new member.	
February	7,100	3,600 from existing members and Ksh 3,500 from the new member.	
March	3,600	Contributions remained steady at Ksh 3,600 from existing members.	
April	3,600	Contributions continued at the same level as March, totaling Ksh 3,600	
May	4,100	Total contributions amounted to Ksh 4,100, with a slight increase compared to the previous months	
June	4,050	Contributions were Ksh 4,050, because of Ksh 50 penalty from a member Contributions remained at Ksh 4,100 because of	
July	4,100	2 penalties. Ksh 50 each	
August	4,000	Steady at 4,000 showing consistency among members	
September	4,100	Contributions remained at Ksh 4,100 because of 2 penalties. Ksh 50 each	
October	4,050	Contributions were Ksh 4,050, because of Ksh 50 penalty from a member	
November	4,050	Contributions were Ksh 4,050, because of Ksh 50 penalty from a member	
December	4,000	Contributions for December were used for AGM expenses, totaling Ksh 3,400, but not deposited into the bank account.	

STATISTICS

LOAN DISBURSEMENT PROJECT

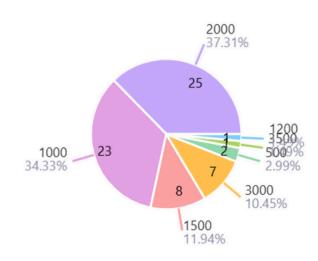

The bar graph above illustrates the monthly loan disbursement trends, showing the number of times loans were applied during each month. For example, in January, 7 people applied for loan, March 9 people, etc. A notable peak occurred in March and April, reflecting increased member confidence and project funding availability during that period. As the year progressed, borrowing trends stabilized, contributing positively to the group's overall financial sustainability.

LOAN DISBURSEMENT PROJECT

Loan Amount in (Ks...

67 Responses - 0 Empty

- Data	Response	%
2000	25	37.31%
1000	23	34.33%
15	8	11.94%
3000	7	10.45%
500	2	2.99%
3500	1	1.49%
12	1	1.49%

From the above table, we can see that the most frequently borrowed amount is **Ksh 2,000**, reflecting members' preference for the maximum loan allowed. Smaller loan amounts like **Ksh 500** and **Ksh 1,000** were less common. This trend highlights the potential need to **increase the maximum loan limit** in the future as the group's financial strength grows.
